

CEMETERY BROOK

Volunteer Tree Planting

**TUESDAY
SEPTEMBER 29**

9:00 - 10:00AM

CEMETERY BROOK
GREENSBORO, VT

BE THERE AT THE BEGINNING.

The Alley Property restoration is planned as the **largest-ever ecological restoration project within the Caspian Lake watershed.**

Now, we're ready to put the first pieces of that vision into the ground.

Join Orleans County Natural Resources Conservation District for a hands-on planting day along Cemetery Brook. Volunteers will help plant native trees and shrubs that will become part of a future **100-foot riparian buffer**, helping protect the stream, support wildlife, and strengthen the health of the Caspian Lake watershed.

NO EXPERIENCE NECESSARY

Plants and guidance provided

Bring your own shovel & clean boots

Lunch provided

Rain date: Wednesday, September 30th, same time.

BE PART OF HISTORY. COME GET YOUR HANDS DIRTY.

RSVP

Required
